ser We will pay the highest maret prices for uncurrent money. Also the highest prices will be paid for all kinds of Country PRODUCE, HOSS, LAMPSON & CO.

DR. P. H. CARDWELL H AS THIS DAY EFFECTED AN ARthe future to supply all persons who may desire, from a single to a full set of teeth, on the

VULCANIZED RUBBER BASE. Being the latest improvement in our profession, and having been sufficiently tested to warrant its utility, we take pleasure in recommending it as being far preferable in many respects to any other base heretofore used. It can be used in many instances where all other materials fail. No one need, therefore, despair. Call on me, give me your work and I

will demonstrate these facts. Remember that a full set of teeth on this method cost only half what they would on gold, and yet preferable in all respects. P. H. CARDWELL. may 26+6m.

SIGN OF THE BLUE PLOW To the Merchants and Farmers of East Tennessee!

QUALTY, in matters of Insurance, is frequently last sight of, in which respect, there is, like other articles of traffic, a great variety. Indeed, the genuine article is often counterfeited; and by reason of a popular foil; of seeking the cheapest rate, the laser kind obtains too ready currency till tested by the events of time-when bread is required a atoms from interest. There is also a finish article of the kind cheapity porchised—with not aufficient vitality to stand beyond a few years service—which is dangerous, expensive, and unsatisfactory in the end. From many years experience, we can only reconnect the kind that worwell, improving by time and use, to something substantial. Look, therefore, to quality, as the paramounit consideration of insurance—reverse the rule making the rate of premium the chief essential, for too frequently the Canayast Rara is only an index to the Poureat Insurance.

Objections to Insurance are frequent with ewners of the safer kinds of property, such as dwellings, from a conclusion that there is only trifling danger; seeming existed to forget the rates of premium with this Company are graduated according to the burning hazard of each kind of property. The safer the risk, the lower the rate, and let the fact he considered, that in my genes the Etha Insurance Company adjusted and paid Losses on Dutalina and converses and pipes, but furtiles defective flees, matches, wood askes, burning finite, lights, carelessness, or other causes, are not so trifling as many suppasses.

Stocoto Frequence of Rustrance is an imperative necessity with prudent property owners.

Dwellings, Outbuildings and Contents are insured in the most Favorable Manner, for a
